THE KENWARD FOOTWEAR COLLECTION

PRECISION-CRAFTED ORTHOPAEDIC FOOTWEAR. DESIGNED FOR PATIENTS. CRAFTED FOR LIFE.

With over 30 years of expertise in orthopaedic footwear, Kenward Orthopaedic has earned its reputation as the UK’s leading manufacturer of specialist footwear solutions. As part of the AM Healthcare Group, we combine clinical insight, craftsmanship, and innovation to deliver exceptional results for even the most complex patient needs.

Every pair of Kenward shoes is crafted with precision and care using only the highest quality leathers and materials. Our extensive collection supports a full spectrum of requirements — from stock and modular options to fully bespoke designs. Whether for minor adaptations or highly complex conditions, our footwear is built to meet both functional and aesthetic needs without compromise.

We also offer a wide range of insoles and functional foot orthoses, along with a full repair and adaptation service to ensure longevity and continued comfort.

Inside this brochure, you’ll find refreshed classics, new styles, and an expanded palette of premium upper materials — all designed with both the clinician and the wearer in mind.

Before placing an order, we recommend reviewing the general information and ordering guidance on page 4. If you need any assistance, our experienced team is always here to help.

GENERAL INFO

- All stock modular footwear is supplied with 3 x 3mm loose insoles for adjustment with the exception of our profile last, this is supplied with 1 x 3mm inlay, unless requested otherwise.
- All of our lasts can be modified to suit your patients' requirements.
- Uppers can be customised to accommodate.
- All footwear is supplied with the same sole and heel as shown in this brochure wherever possible, if you require an alternative, please state when ordering.
- All diabetic specification footwear is supplied with soft upper leather/material, soft moleskin linings with minimal seams, along with winged toe puffs as standard.
- We can carry out any type of adaption during manufacture, this maintains the quality of the footwear as the adaption is built into the footwear during the manufacturing process.
- Total contact inlays/simple insoles can also be supplied.
- All of the footwear shown in this brochure can be manufactured as stock, semi bespoke or full bespoke footwear to draft, casts or foot scans.
- If you do need any advice before ordering, please contact us and you can speak with a member of our management team who have many years of experience in manufacturing orthopaedic footwear.

ORDER INFORMATION REQUIRED

- Style
- Colour/colour combination
- Material/material combination
- Size
- Fitting/last to be used
- Fastening
- Any modifications i.e last alterations, upper alterations or sole and heel adaptations
- Sole and heel choice

Feel free to copy and use our order form opposite.

ORDERING TIPS

If you require footwear that accommodates AFO's, we recommend taking a cast with the patient wearing the AFO if possible.

When ordering boots, we would recommend supplying us with circumferences and the height at which they were taken.

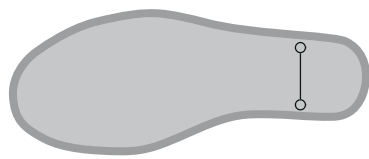

Toe depths shown on page 12 are the finished height of the last that the footwear would be made on.

Take a look at last lengths in millimetres and heel to joint lengths on page 7.

Impressions, alongside footwear drafts and measures, are always very useful.

Slim Rear/Standard Front	Slim Rear/Wide Front	Wide & Deep

SLIM REAR LAST

Our slim rear lasts give you the option of mixing the rear of a slimmer last with the forepart of a wider last.

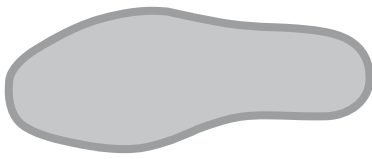

Example: Footwear made on a slim rear, standard front last will have the same dimensions of a slim last at the rear foot along with the dimensions of a standard last at the forefoot.

STRAIGHT INNER BORDER LAST

All our lasts are now available with a straight inner border option. This last gives a little more room at the inside toe box area than our normal lasts.

To order this last, just add the words 'Straight Inner Border Last' after the last you have chosen. Example: 'One pair Ladies 5 Standard Straight Inner Border Last'.

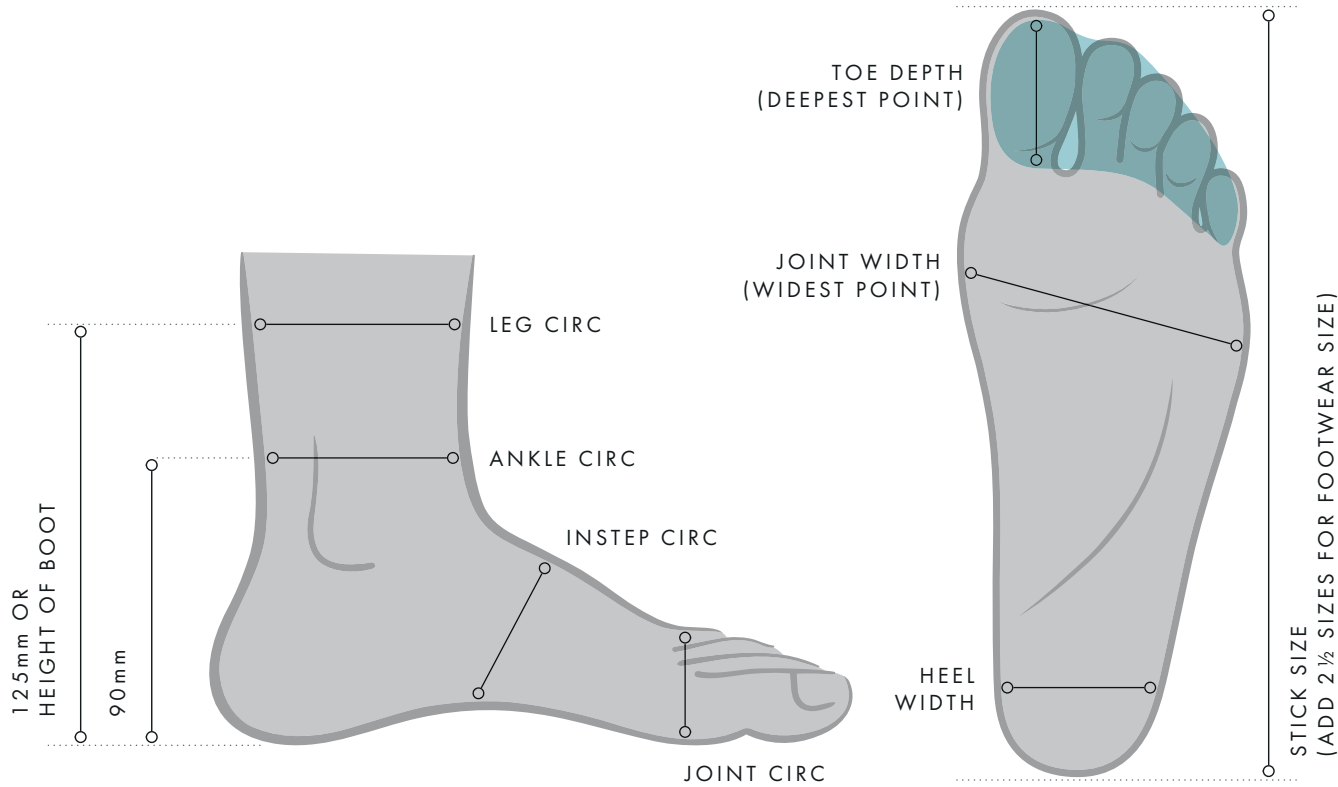

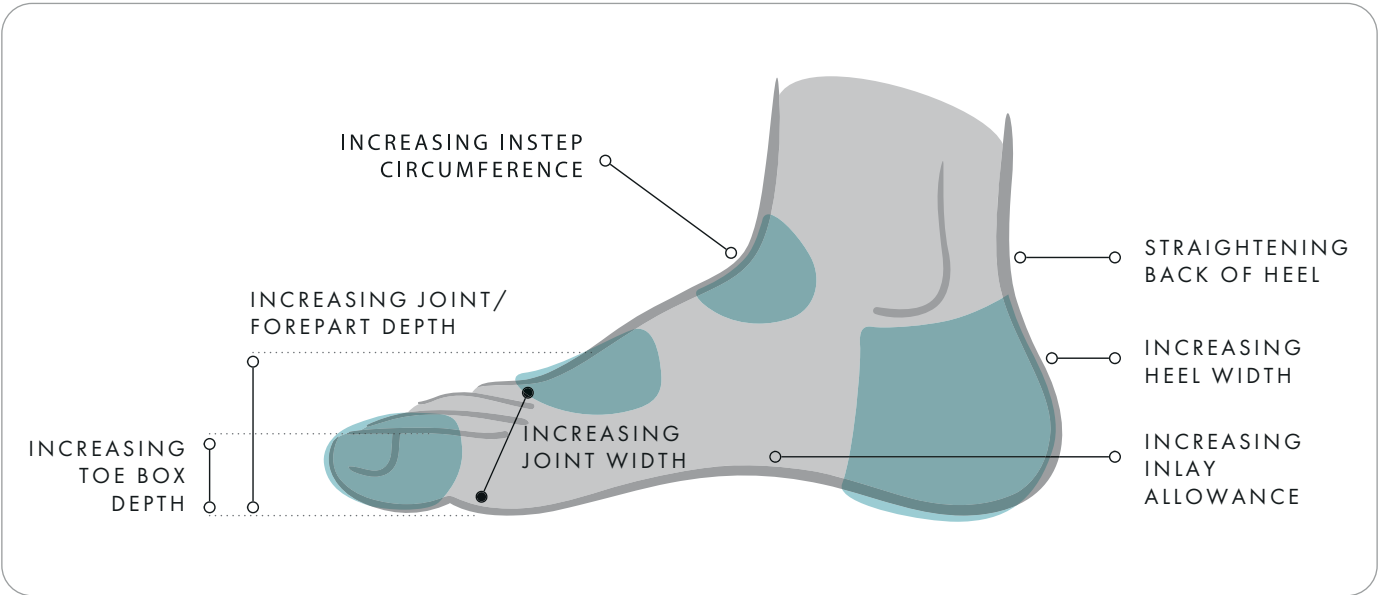

Our Profile last gives a more stylish toe shape.

Available in Slim, Standard and Wide fittings in both Ladies and Gents footwear.

This last is shallower than our normal Slim, Standard and Wide lasts. All footwear made on these lasts are supplied with one 3mm inlay in each shoe/boot however these lasts can be modified to meet your requirements.

ALL OUR LASTS CAN BE MODIFIED AS REQUIRED

STANDARD BOOT MEASUREMENTS

- When ordering boots please state the boot height required.
- Any extra measurements supplied are always helpful to us.
- Standard leg measurements on boots will be supplied unless custom measurements are requested.
- When providing leg circumferences, please indicate the height at which the circumference was taken.

TERMS & CONDITIONS

LEAD TIMES

Stock and Modular Footwear

- 10 working days to fitting or completion stage
- Upon receipt of footwear returned from fitting stage, please allow 10 working days to completion.

Bespoke Footwear

- 15 working days to fitting or completion stage
- Upon receipt of footwear returned from fitting stage, please allow 10 working days to completion.

Please be aware that the lead times above may be extended if the footwear requires re-making, re-cutting or any other major alterations after fitting stage.

RETURNS POLICY

Footwear returned for restocking must be returned within 28 days of receipt, must be unused/unworn and in its original packaging.

The following types of footwear are not returnable:

- Modular footwear
- Bespoke footwear
- Adapted footwear
- Split sizes/ittings
- All boots
- Trainer style footwear
- Single shoes or boots
- Court/T-Bar style shoes
- Any footwear manufactured from patent, nubuck, waxy, slipper material or corduroy.

ADDITIONAL INFORMATION

- All documentation relating to the confirmation of orders should be clearly marked "CONFIRMATION" to avoid duplication of orders.
- Any duplication of orders not marked with "CONFIRMATION" will be chargeable.
- Footwear manufactured to fitting stage that has not been returned within 120 days may be invoiced to fit stage.
- All goods remain the property of Kenward Orthopaedic Ltd until paid for in full.
